Discover our one-year Master programs (60 ECTS)

HEC Liège offers one-year Master programs (60 ECTS) in Management and in Economics.

These programs allow you to attend a full training in Management or Economics, to achieve a global overview of company management or to update your knowledge in today’s economic key areas. They also enable you to acquire techniques that maximize efficiency and ability to ensure new responsibilities.

At the end of your curriculum, you will receive a general purpose degree covering the most important aspects of management or economy.

Those Masters might be attended as full English or English/French programs.

Detailed information about our Master programs can be found here:
